**Christos Tsonis**

Successfully completed the course entitled:  
**Handling on board Dangerous, Hazardous  
and Harmful Cargoes**

This course (including exam) covers the awareness training needed for handling on board Dangerous, Hazardous and Harmful Cargoes. The course is based on IMO model courses 1.10 and 3.18 and follows the training requirements of IMDG Code 2018 Edition (Chapter 1.3), CFR 49 Subtitle B Chapter I sub chapter C part 176 and STCW Section A-II, A-III & B-V/b. The Following main subjects were covered:

1. IMDG Code General Information
2. Guidance to HAZMAT Cargo Loading On Ships
3. The Carriage of Hazardous and Noxious Substances On Ships
4. Classification of Dangerous Goods
5. How to Plan Cargo Containers Stowage on Container Ship
6. Important Points for Safe Container Lashing
7. Ship Certificates and Documents that are Checked in a Port State Control
8. Safety Data Sheet or MSDS Used on Ships
9. Crew & driver hazardous materials safety guidance on board

Note: Validity of the Certificate: 3 years. Refresh course may be needed upon legislation update.
